## EDUCATION

### ARIZONA STATE UNIVERSITY

M. Arch

Completed 2004

### JAMES MADISON UNIVERSITY

B.S. Art (Emp. Interior Design)

Completed 2000

## SOFTWARE

Autodesk Revit, AutoCAD,

Microstation, Vectorworks,

Sketchup, Adobe Creative Suite,

& Microsoft Office

## WORK EXPERIENCE

### PRINCIPAL ARCHITECT

CIRCLE Design Studio, LLC

2005 - Present

Started interior design company with my wife playing private developer and GC. We sparred with the local historic society rehabilitating properties in Staunton. Our work now ranges from Residential, Healthcare, small Mixed-Use, Retail and Hospitality, and consulting on Higher Ed & Institutional projects.

### ASSOCIATE + PROJECT MANAGER

RRMM Architects

2009 - 2014

Earned Associate status after three years of feeding on a healthy diet of experiences in marketing, design, CD production & coordination, and construction administration. I was the Scottie Pippen to their MJ.

### INTERN ARCHITECT

VMDO Architects

2006 - 2008

I returned to the workforce to earn IDP credits. Worked primarily in Design Studio on conceptual designs, graphics, and feasibility studies for K-12 and Higher Ed projects. I was a casualty of company-wide layoffs caused by the economic downturn in 2008.

### INTERN ARCHITECT

Studio Libeskind

2002

My summer internship in grad school consisted of working twelve-hour days in a non-air-conditioned room making chipboard models for international design competitions. Daniel really liked my tiny-scale trees though - he would touch them for good luck.
